Federal Aviation Administration

[Docket No. FAA-2019-0748]

Agency Information Collection Activities: Requests for Comments; Clearance of a Renewed Approval of Information Collection: Helicopter Air Ambulance, Commercial Helicopter, and Part 91 Helicopter Operations

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, FAA invites public comments about our intention to request the Office of Management and Budget (OMB) approval to renew an information collection. The Federal Register Notice with a 60-day comment period soliciting comments on the following collection of information was published on September 19, 2019. No comments were received from the comment period. The collection involves the collection of information related to rules governing Helicopter Air Ambulance, Commercial Helicopter, and Part 91 Helicopter Operations. The information to be collected supports the Department of Transportation's strategic goal of safety. Specifically, the goal is to promote the public health and safety by working toward the elimination of transportation-related deaths and injuries.

DATES: Written comments should be submitted by **[insert date 30 days after date of publication in the Federal Register]**.

ADDRESSES: Interested persons are invited to submit written comments on the proposed information collection to the Office of Information and Regulatory Affairs, Office of Management and Budget.

Comments should be addressed to the attention of the Desk Officer, Department of Transportation / FAA, and sent via electronic mail to oira_submission@omb.eop.gov, or faxed to (202) 395-6974, or mailed to the Office of Information and Regulatory Affairs, Office of Management and Budget, Docket Library, Room 10102, 725 17th Street, NW., Washington, DC 20503.

SUPPLEMENTARY INFORMATION:

Public Comments Invited: You are asked to comment on any aspect of this information collection, including (a) Whether the proposed collection of information is necessary for FAA's performance; (b) the accuracy of the estimated burden; (c) ways for FAA to enhance the quality, utility and clarity of the information collection; and (d) ways that the burden could be minimized without reducing the quality of the collected information. The agency will summarize and/or include your comments in the request for OMB's clearance of this information collection.

OMB Control Number: 2120-0756

Title: Helicopter Air Ambulance, Commercial Helicopter, and Part 91 Helicopter Operations

Form Numbers: 2170-0761, Helicopter Air Ambulance Mandatory Flight Information Report

Type of Review: Renewal of an information collection

Background: The Federal Register Notice with a 60-day comment period soliciting comments on the following collection of information was published on September 19, 2019(84 FR 48989). These requirements in part 135 are addressed specifically to helicopter air ambulances, often referred to as emergency medical services (EMS), and to on-demand operations including overwater operations. The National Transportation Safety Board recommended several changes following accident investigations. The FAA aims to improve the safety record of helicopter air ambulances through better oversight of their operations. The FAA will use the information it collects and reviews to ensure compliance and adherence with regulations and, if necessary, to take enforcement action on violators of the regulations.

Under the authority of Title 49 CFR, Section 44701, Title 14 CFR prescribes the terms, conditions, and limitations as are necessary to ensure safety in air transportation. Title [14 CFR parts 91 and 135](#)

prescribes the requirements governing helicopter air ambulance, commercial helicopter, and Part 91 helicopter operations. The information collected is used to determine air operators' compliance with the minimum safety standards and the applicants' eligibility for air operations certification. Each operator

which seeks to obtain, or is in possession of an operating certificate, must comply with the requirements of part 91 or 135, as applicable, which include maintaining data which is used to determine if the air carrier is operating in accordance with minimum safety standards.

Respondents: Part 135 Helicopter Air Ambulance Operators, Part 135 Helicopter Commercial Operators, or Part 91 Helicopter Operators

Frequency: On Occasion.

Estimated Average Burden per Response: Varies by Response Type

Estimated Total Annual Burden: 132,639 Hours

Issued in Washington D.C. on November 19, 2019.

Sandra L. Ray,

Aviation Safety Inspector,

FAA, Policy Integration Branch, AFS-270.
